# EXPERT

IN DENTAL IMPLANTOLOGY

---

Ispringen – Erlangen, Germany | December 8 – 17, 2019

*"Open your mind, the sky is the limit"*

IMPLANT PLANNING  
IMPLANT INSERTION  
DENTAL TECHNICAL VARIANTS  
MANAGEMENT OF HARD AND SOFT TISSUE  
EXTENSIVE HANDS-ON TRAINING  
AUGMENTATION PROCESSES  
ANATOMY AND SURGICAL TECHNIQUES  
TRAINING ON HUMAN SPECIMENS

### **Use your potential together with our competence**

We are holding a series of courses under the title "Expert in Dental Implantology" offering you the chance to improve your specialist knowledge in the field of implantology. The courses have been especially coordinated to provide comprehensive information.

With the help of our expert team, the courses will give you an insight into the world of implantology. Emphasis is placed on practical work; hands-on exercises will help you transfer your newly acquired knowledge to your daily work in the dental practice.

### **A beneficial cooperation**

The courses are run in cooperation with the Faculty of Medicine at the Friedrich-Alexander-University (FAU) Erlangen-Nürnberg, Germany. In the spirit of the university's motto "Advance through networks", the faculties and departments work together. You, too, can benefit from the interdisciplinary teaching and research.

Join up with us on your path to successful implantation – become an expert in dental implantology!

Mark Stephen Pace  
CEO Dentaurum Group

Axel Winkelstroeter  
CEO Dentaurum Group

## Pforzheim – Gateway to the Black Forest

Pforzheim, the “Golden City”, lies between Karlsruhe and Stuttgart, embedded in the Black Forest. Make the most of your stay in Pforzheim and discover some of the points of interest. Learn more about the city, known for its jewellery and watch industry, in the museums and cultural institutions. Visit the jewellery museum or the exhibition center “Schmuckwelten” (Worlds of Jewellery) or enjoy the magic of the unique atmosphere at the Gasometer, with the world's largest 360° panorama of the Great Barrier Reef.

For further information: [www.pforzheim.de](http://www.pforzheim.de)

## Parkhotel Pforzheim

Come in, turn off and feel at home...

Welcome to the Parkhotel Pforzheim! The modern architecture of the first class Parkhotel Pforzheim fits together with the City Theatre, the Pforzheim Congress Centre, the river landscape and surrounding green space to form a beautiful ensemble in the heart of Germany's "Golden City". Form and function complement each other. Generosity and flair begin when the guest enters the lobby, and continue with the layout of 208 comfortably-furnished rooms, which offer all the comfort and amenities of a four-star hotel.

## CDC – Center for Dental Communication

The Dentaurem Group opened the Center for Dental Communication (CDC) in 1996, a special facility for courses, events and communications of all types. The rapid development of all facets of dentistry and dental technology demands that we take an active part in education in the field. Our goal is to improve communications and integration in all areas of the dental world for the benefit of patients.

The Dentaurem Group now offers more than 100 courses with over 70 lecturers not only in the CDC but also in regional centers in Germany. Dentaurem Group courses are noted particularly for their close connection with dental practices and the small groups, which guarantees an effective learning atmosphere. A relaxed atmosphere with approachable and enthusiastic lecturers make our courses an unforgettable experience.

Sunday, December 8, 2019

---

Arrival in Pforzheim | Check in Parkhotel Pforzheim

---

Monday, December 9, 2019

---

09.00 **Transfer to CDC Training Center, Dentaureum, Ispringen**

---

09.30 **Welcome to Dentaureum**  
Tobias Grosse | Director Marketing and Sales, Dentaureum

---

09.40 **Dentaureum – Past – Present – Future**

---

10.00 **Company Tour**  
Join us on an exclusive tour through our range of products

---

12.00 **Transfer to Parkhotel Pforzheim**

---

14.00 **Pick up Parkhotel Pforzheim**  
Side program and dinner: Restaurant Kaisergarten  
Kaiserallee 23 | 76133 Karlsruhe | [www.kaiser-garten.eu](http://www.kaiser-garten.eu)

---

Tuesday, December 10, 2019

---

09.00 **Transfer to CDC Training Center, Dentaureum, Ispringen**

---

09.30 **Welcome**  
Esther Tazsus | Area Sales Manager, Dentaureum Implants

---

09.40 **Implant-Abutment Connection  
Conical vs. platform?  
A scientific-based comparison**  
Rolf Scherberger | Head of Development Division, Dentaureum Implants

---

10.45 **tiologic® TWINFIT – the freedom of choice  
Prosthetic components for all indications**  
François Hartmann | Head Customer Support Prosthetics, Dentaureum

---

12.00 **Accurate and Prosthetic Driven Implant Planning  
with 3Shape Solutions**  
MDT Thomas Riehl | 3Shape Germany GmbH, Germany

---

13.00 **Lunch**

---

14.00 **The tiologic® TWINFIT implant system – Hands-on training**

---

16.30 **Transfer to Parkhotel Pforzheim**

---

**Evening at your own disposal**

---

Wednesday, December 11, 2019

---

09.00 **Transfer to CDC Training Center, Dentaforum, Ispringen**

---

09.30 **Hard and soft tissue management**

Dr. med. dent. Daniel Schulz | Henstedt-Ulzburg, Germany

How you can achieve perfect aesthetics easily?

During this day you will learn new techniques in regard to hard and soft tissue based on theory and practice.

- Preparation and diagnostics prior to parodontal treatment and augmentation surgery
- Techniques of hard and soft tissue management
- Presentation of current incision and suture techniques
- Explanation "GTR" and "GBR"
- Presentation of useful instruments for appropriate surgery
- Overview of different augmentation materials and membranes
- Postoperative care of augmentation and parodontal surgical treatment
- Extensive hands-on training on pig mandibles

---

17.00 **Transfer to Parkhotel Pforzheim**

---

**Evening at your own disposal**

---

Thursday, December 12, 2019

---

09.00 **Check out Parkhotel Pforzheim – Departure to Erlangen by bus**

---

Approx. 12.00 Arrival in Erlangen

Check in NH Hotel, Erlangen

---

**Afternoon and evening at your own disposal**

---

## Erlangen – always worth a visit!

Wide streets, baroque buildings and open plazas – Erlangen is one of the best-kept baroque planned cities in Germany and has an appealing atmosphere.

Come and experience the many sides of the smallest major city in Bavaria: the beautiful palace gardens in the center of the city, the old part of the city with its narrow, crooked alleys, optimum shopping facilities, creative restaurants, excellent cultural institutions and events and, last but not least, the beer culture.

## NH Erlangen | December 12 – 18, 2019

The NH Erlangen hotel ticks the right boxes for business travellers and is centrally located to give sightseers everything on their doorstep. It is less than 5 minutes from a major conference center, and close to shops, bars and restaurants.

## Friedrich-Alexander-University Erlangen-Nürnberg (FAU)

Founded in 1743, Friedrich-Alexander-University Erlangen-Nürnberg (FAU) is now one of the largest research universities in Germany with 40,174 students. The five faculties cover the entire spectrum of modern academic disciplines – from humanities, social sciences and theology to medicine, law, economics, sciences and engineering.

---

*We want to thank the Faculty of Medicine at the University of Erlangen-Nürnberg for their efforts and cooperation in providing this comprehensive training program!*

---

Friday, December 13, 2019

---

08.30 **Meeting point: NH Hotel, Erlangen, lobby**  
Friedrich-Alexander-University, Erlangen – walking distance 15 minutes

---

09.30 **Possibilities and limits of augmentation measures**  
Dr. Joachim Hoffmann | Jena, Germany

What can be done if bone is missing? Implantologists and surgeons know about the necessity of using sinus floor elevation and augmentation techniques.

- Indication, contraindication, limits
- Techniques for window preparation
- Bone: Removal techniques and preparation
- Bone augmentation material and membranes
- Particularity of simultaneous and delayed implantation
- Resorption and therapeutical consequences for surgical procedures: Bonesplitting, different procedures for bloc transplantation, implantation after bloc transplantation
- Alternatives to bloc transplantation
- Complication management
- Practical exercises with piezosurgery

---

18.00 **Return to NH Hotel, Erlangen**  
Walking distance 15 minutes

---

**Evening at your own disposal**

---

Saturday, December 14, 2019

---

08.30 **Meeting point: NH Hotel, Erlangen, lobby**  
Friedrich-Alexander-University, Erlangen – walking distance 15 minutes

---

09.00 **Anatomy and surgical techniques – Implant training course on human specimens**  
Prof. Dr. Lars Bräuer | Friedrich-Alexander-University Erlangen, Germany  
Dr. Joachim Hoffmann | Jena, Germany

Recapitulation of implantologically relevant hard and soft tissue structures in theory and practice.

- Pre-implantological considerations and measures
- Basic knowledge, techniques and live demonstration
- Extensive hands-on training
  - 2 participants are practicing on maxilla/mandible specimen
  - Presentation of the most important nerves and blood vessels
  - Implant insertion
  - Incision and suture techniques
  - Augmentation material
  - Sinus floor elevation open/closed
  - Techniques for bone condensing, bone splitting and bone spreading
  - Bloc transplantation
  - Nerve transposition

---

17.00 **Return to NH Hotel, Erlangen**  
Walking distance 15 minutes

---

19.00 **Dinner – Restaurant “Zum tapferen Bayern”,  
Nürnberg Str. 43, 91052 Erlangen**

---

Sunday, December 15, 2019

---

08.30 **Meeting point: NH Hotel, Erlangen, lobby**  
Friedrich-Alexander-University, Erlangen – walking distance 15 minutes

---

09.30 **Implant restoration optimized: From planning to maintenance**  
Dr. Joachim Hoffmann | Jena, Germany

- The key to success: Talk to one another!
  - Understanding between dentist and patient
  - Coordination between implantologist and dental technician
- Scientific bases: What we need to know
  - Diagnostics today
  - Possibilities and limits of 2D and 3D diagnostics
  - Prosthetic planning criteria – surgical implementation – therapeutical limits
- Clinical examples and implant prosthetic working techniques – what works and how?
  - From the single crown to the edentulous jaw, from LOCATOR® restoration to the circular bridge
  - Impression, bite registration, elimination of tension
  - Single crown versus splinting
  - Cemented versus screw – retained restorations
  - Implant supported versus composite construction
  - Special forms for provisional therapy
  - CAD/CAM
  - Concept for fixed restoration of edentulous jaw

- 
- Aesthetics in the front region: What can be optimized?
    - Emergence profile and temporary restorations
    - Position and contour transfer
  - Complications during prosthetic maintenance
    - Peri-implantitis, tensions, bone resorption, screw fracture
    - Explantation, reentry surgery
- 

17.00 **Return to NH Hotel, Erlangen**  
Walking distance 15 minutes

---

**Evening at your own disposal**

---

## PROGRAM

Monday, December 16, 2019

- 
- 09.00 **Check out NH Hotel, Erlangen**  
**Departure to Pforzheim by bus**  
Approx. 12.00 – Arrival in Pforzheim – Check in Parkhotel Pforzheim
- 
- 18.30 **Meeting point: Parkhotel Pforzheim, lobby**
- 
- 19.00 **Farewell Dinner**
- 

Tuesday, December 17, 2019

---

**Departure: Check out Parkhotel Pforzheim**

---

INTERNATIONAL  
CONGRESS IMPLANTOLOGY  
2020. Leipzig. Germany.

**June 19 – 21, 2020**

*Join us*

#### PROF. DR. RER. NAT. DR. HABIL. MED. LARS BRÄUER

Studies in Biochemistry and Medical Microbiology,  
Martin-Luther-University Halle-Wittenberg, Germany

Completed doctorate to become Dr. rer. nat.,  
research projects in national and international laboratories

Specialist anatomist at the "Anatomischen Gesellschaft I",  
habilitation in the subject of anatomy, research focused on  
"Oberflächenaktive Proteine" (surface active proteins)

Member of various expert associations and editorial boards

Coordinator and head of several further education courses

#### DENTAL TECHNICIAN FRANÇOIS HARTMANN

Studies of foreign languages and diploma in Dental Technology

Work in a dental laboratory and since 1992, employee within  
the R&D department of DENTAURUM, Germany

Extended field of activity:

Head of the Customer Support Prosthetics department

Courses and lectures on fixed implant prosthetics,  
removable and combined prosthetics in Germany and abroad

#### DR. MED. JOACHIM HOFFMANN

Dental practice and IMPLANTARIUM –  
training center for implantology and specialist dentistry in Jena, Germany

Speaker and consultant in the fields of implantology and microsurgery

Systematic documentation of implant therapies using microscopic  
and endoscopic video recordings

More than 400 talks and multimedia presentations since 1996 in over 15 countries

2006 Visual Library Implantology, Quintessenz (publisher).

First video dictionary for implantology.

2012 "Topografische Implantologie Band 1: Die Sinuslift-OP"  
(Topographical implantology, vol. 1: sinus lift).

First multimedia iBook for implantologists

#### MDT THOMAS RIEHL

Head of different lab divisions

Head of Customer Support CAD/CAM (BEGO)

Trainer and Lecturer

Key Account Manager

Productspecialist at 3Shape Germany GmbH

· Training & Support CAD/CAM

· CAD/CAM business

#### ROLF SCHERBERGER

Degree: Graduate Engineer

Study:

1984 – 1988 University of Applied Sciences Ulm

Study course: "Precision Engineering"

Professional Experience:

1988 – 1995 Technical Management in several companies

(medical device and pump industry)

Since 1995 Leading positions in several companies in dental implant business

Since December 2011 Dentaureum GmbH & Co.KG, Ispringen, Germany

Head of Development Implantology

#### DR. MED. DENT. DANIEL SCHULZ

Own dental practice in Henstedt-Ulzburg, Germany

Lectures and publications in the field of implantology,  
full ceramics and digital volume tomography

Member of DGZI (German Association of Dental Implantology) and SHGZMK  
(German Maxillofacial Surgery Association, Schleswig-Holstein, Germany)

Speaker on the subject of implantology

**Course fee participant: € 5.355** (incl. VAT/per person)

Including:

- 9 nights single-room hotel accommodation, breakfast included
- Transfers (excluding transfer airport – hotel – airport)
- Lunch during training days
- Scientific lectures and hands-on session
- 2 x dinner
- Training materials

**Accompanying person: € 650,00** (incl. VAT/per person)

Including:

- 9 nights double-room hotel accomodation (sharing double-room with participant), breakfast included
- Transfers (excluding transfer: airport – hotel – airport)
- 2 x dinner

**Dates:**

Sunday, December 8, 2019: Arrival

Monday, December 9, 2019: Side program

December 9 – 15, 2019: Scientific program

December 17, 2019: Departure

**Venue:**

Venue 1

CDC – Center for Dental Communication

Turnstr. 31 | 75228 Ispringen | Germany | [www.dentaurum-implants.com](http://www.dentaurum-implants.com)

Venue 2

Friedrich-Alexander-Universität Erlangen-Nürnberg

Schlossplatz 4 | 91054 Erlangen | Germany

**Course language:**

English

**Deadline for registration:**

October 15, 2019

**Registration:**

Dentaurum Implants GmbH

Turnstr. 31 | 75228 Ispringen | Phone +49(0)72 31/803-326

Fax +49(0)72 31/803-263 | E-Mail: [courses@dentaurum-implants.de](mailto:courses@dentaurum-implants.de)

[www.dentaurum-implants.com](http://www.dentaurum-implants.com)

For registration please use the registration form. (One registration form for each participant). Please note that registration cannot be taken into account without registration form. Thank you for your understanding.

**Alteration / Cancellation:**

After October 15, 2019, no alterations but only cancellations can be made.

**Cancellation rates:**

Participant: 100% of the course fee

Accompanying person: 100% of the accompanying person fee

**Payment:**

The course fee must be paid in advance and can be made by bank transfer to our account or by credit card in EURO.

**Bank details:**

Dentaurum Implants GmbH  
 Baden-Württembergische Bank  
 Account No. 7498503040  
 Bank code: 600 501 01  
 BIC-Code: SOLADEST600
