Adhesives.

For perfect bonding results.
Our adhesives for your dental practice.

With ConTec Go! – a new, chemically-curing single-component bracket adhesive – you have an adhesive that perfectly combines easy handling, quick treatment time and secure bonding. We recommend Smartbond®, the well-known, trusted wet-bonding adhesive, particularly for areas that are difficult to keep dry, e.g. displaced cuspids.
ConTec Go!
The ready-to-use, chemically-curing adhesive.

SmartBond®
Wet-bonding adhesive.
Application for adhesives.
