

# LIVE DEMOS AND TALKS DURING THE IDS 2025

Knowledge connects: Visit Dentaureum's Speakers' Corner

Presentations and workshops at **Dentaureum's Speakers' Corner** guarantee an exciting and informative visit. International experts will be talking about issues and application examples in the fields of **orthodontics, ceramics, dental prosthetics** and **implantology**. Come and visit us; we look forward to seeing you.

	10:00 – 11:30 hrs	12:00 – 13:30 hrs	14:00 – 15:30 hrs	16:00 – 17:30 hrs
<b>TUE.</b> 2025 03 25	<b>DT FRANÇOIS HARTMANN</b> <b>Digital technologies: CoCr &amp; titanium materials incl. overview of production work steps</b> Decisive factors in choosing the method of production; important material properties of remanium® and rematitan®.	<b>DT MARCELO MENDES REIS</b> <b>Digital workflow at Dentaureum</b> Scan, print and produce with Dentaureum products and services.	<b>VOLKER WETZEL</b> <b>One "Soft" Touch – Success will touch you!</b> Take a look at 3 things that will improve your ceramic jobs (straight away) at the IDS stand!	<b>DR. MED. DENT. DANIEL SCHULZ</b> <b>Long-term success with low-speed preparation and tioLogic® TWINFIT connector geometry (hands-on)</b> Advantages of the AbutmentSwitch and drill workshop with different bone qualities.
<b>WED.</b> 2025 03 26	<b>DR. MED. DENT. DANIEL SCHULZ</b> <b>Long-term success with low-speed preparation and tioLogic® TWINFIT connector geometry (hands-on)</b> Advantages of the AbutmentSwitch and drill workshop with different bone qualities.	<b>DT FRANÇOIS HARTMANN</b> <b>Digital technologies: CoCr &amp; titanium materials incl. overview of production work steps</b> Decisive factors in choosing the method of production; important material properties of remanium® and rematitan®.	<b>DR. ANDREA ELISEO</b> <b>Skeletal anchorage</b> Applications on a daily basis.	<b>DT TERRY WHITTY</b> <b>One Touch, the trendy ceramic material in paste form for zirconia and lithium disilicate</b> Overview of the application possibilities of 2D or 3D pastes, also in combination with the ceraMotion® CADback software, with the aim of increasing efficiency and aesthetics.
<b>THU.</b> 2025 03 27	<b>DT HECTOR ALVAREZ LORENZO</b> <b>DT TERRY WHITTY</b> <b>Laser welding in dental prosthetics and orthodontics</b> Why weld? Important criteria for the selection of a laser machine and subsequent influences on the laser quality. Practical applications step by step. <b>from 10:30</b> <b>One Touch, the trendy ceramic material in paste form for zirconia and lithium disilicate</b> Overview of the application possibilities of 2D or 3D pastes, also in combination with the ceraMotion® CADback software, with the aim of increasing efficiency and aesthetics.	<b>DR. ANDREA ELISEO</b> <b>Skeletal anchorage</b> Applications on a daily basis.	<b>MDT HARISTOS GIRINIS</b> <b>Unlimited possibilities with ceraMotion®</b> Preparation of the framework using ceraMotion® CADback software; layering and finishing with ceraMotion® Zr and ceraMotion® One Touch.	<b>DR. MED DENT. JOHANNES PETSCHOLT MSC</b> <b>Long-term success with low-speed preparation and tioLogic® TWINFIT connector geometry (hands-on)</b> Advantages of the AbutmentSwitch and drill workshop with different bone qualities.
