

You are invited to the
tomas[®] TAD seminar – Montréal 2021

Lecture: The tomas[®] System: Practicing TADs state of the art

Vous êtes invités au
Séminaire tomas[®] TAD – Montréal 2021

Conférence : Le système tomas[®]

Delta Hotel – Montréal,

tomas[®] TAD SEM – Montréal 2021

Friday, October 29th - 8.00 a.m. to 5.00 p.m.

Vendredi le 29 octobre, 2021 8H a 17H

Delta Hotel – Montréal - Salle Concerto Room

sponsored by

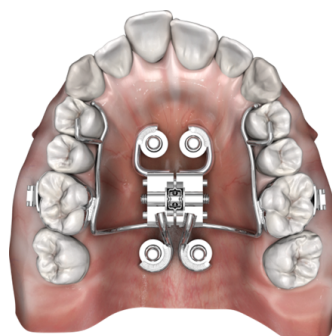

tomas® TAD SEM – Montréal 2021 COURS DE "TAD"

Vendredi le 29 octobre, 2021 - Hotel Delta – Montréal - Salle Concerto

Sebastian Baumgaertel, D.M.D., M.S.D., FRCD(C)

Le Dr. Sebastian Baumgaertel est professeur agrégé de clinique à l'Université Case Western Reserve et professeur invité à l'Université de Melbourne. Il a donné des conférences à l'échelle nationale et internationale sur les mini-implants orthodontiques, la "Cone Beam Computed Tomography" et l'appareil InvisalignTM. Il a publié de nombreux articles scientifiques et est coéditeur et auteur de deux manuels et de divers chapitres de livres. Il est membre du comité de révision éditoriale de l'« American Journal of Orthodontics and Dentofacial Orthopedics » et d'autres revues très respectées. En plus de consacrer son temps à la recherche et à l'éducation, il maintient également une pratique privée active en tant que fournisseur InvisalignTM-Elite dans la région de Cleveland, OH.

MARPE

LE COURS DE TAD COMPREND

Date | Lieu - Vendredi le 29 octobre, 2021 - Hotel Delta – Montréal - Salle Concerto

Topics

- expansion palatine rapide assistée de mini-vis (MARPE) avec le tomas® Eyelet.
- Les meilleurs sites pour placer un mini-implant pour: les appareils orthodontiques; les gouttières transparentes et les expenseurs palatins.
- Les meilleur techniques d'insertion.
- La clé pour maximiser les taux de réussite en Clinique.
- Comment insérer les TADS en pratique au quotidien.
- Biomécanique simple et efficace.
- Comment utiliser les mini-implants dans différentes situations cliniques (présentations de cas).

Conférencier Dr. Sebastian Baumgaertel, D.M.D., M.S.D., FRCD (C)

Horaire	8H - 9H	Déjeuner
	9H - 10H	Conférence
	10H30 -10H45	Pause café
	10H45 - Midi	Conférence
	Midi - 13H	Dinér
	13H. - 14H45	Conférence
	14H45 - 15H	Pause café
	15H - 17H	Conférence

tomas® TAD SEM – Montréal 2021

Friday, October 29th 2021 - Delta Hotel – Montréal - Concerto Room

Sebastian Baumgaertel, D.M.D., M.S.D., FRCD(C)

Dr. Baumgaertel is a Clinical Associate Professor at Case Western Reserve University and a Visiting Professor at the University of Melbourne. He has lectured nationally and internationally on orthodontic mini-implants, Cone Beam Computed Tomography and the Invisalign™ appliance. He has published multiple scientific articles and is co-editor and author of two text books and various book chapters. He serves as a member of the editorial review board of the "American Journal of Orthodontics and Dentofacial Orthopedics" and other highly respected journals.

Aside from devoting his time to research and education, he also maintains an active private practice as an Invisalign™-Elite provider in the Cleveland, OH area.

The tomas®-system is one of the world's leading orthodontic micro-anchorage systems; and for a good reason: it is perhaps the most powerful anchorage system for use with braces, but can be just as easily combined to support your clear aligner treatment, and at this meeting Dr. Baumgaertel will introduce a new coupling method for tomas Pins and palatal expanders creating MARPEs that can be immediately loaded without complex laboratory steps – a real game changer for bone-borne skeletal expansion. Let Dr. Baumgaertel teach you all the necessary fundamentals of successful TAD use, including his evidence-based principles and clinical techniques that have stood the test of time and really work. You will learn the various factors that can impact your treatment success and when controlled, will make the difference between success and failure. With his highly dynamic lecture style, one of the most respected educators in this field will help you take your miniimplant practice to the next level and gain the confidence you need to treat a wide variety of indications with a high level of success. While most of the fundamentals taught in this course will work with nearly any mini-implant system, you will learn how to harness the power of the versatile tomas®-system to create the most predictable treatment outcomes, leading to better results and greater satisfaction in your everyday TAD practice. Among others you will learn:

- MARPE with the tomas® Eyelet
- The best sites to place an orthodontic mini-implant for braces and clear aligners, and palatal expanders
- Correct insertion techniques
- The keys to maximizing clinical success rates
- How to implement TADS into your daily practice
- Simple and efficient bio-mechanics
- How to use mini-implants in different clinical situations (case presentations)

At a glance

Date | Location Friday, October 29th 2021 - Delta Hotel – Montréal - Concerto Room

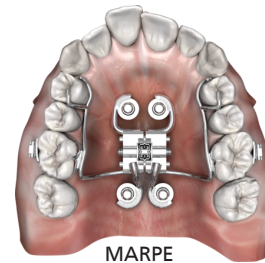

Topics

- Mini implant assisted rapid palatal expansion (MARPE) with the tomas® Eyelet
- The best sites to place an orthodontic mini-implant for braces and clear aligners and palatal expanders.
- Correct insertion techniques
- The key to maximizing clinical success rates
- how to implement TADS into your daily practice
- Simple and efficient bio-mechanics
- How to use mini-implants in different clinical situations(case presentations)

Speaker Dr. Sebastian Baumgaertel, D.M.D., M.S.D., FRCD (C)

Schedule

8:00 a.m. - 9:00 a.m.	Breakfast
9:00 a.m. - 10:30 a.m.	Lecture
10:30 a.m. - 10:45 a.m.	Coffee Break
10:45 a.m. - noon	Lecture
noon - 1:00 p.m.	Lunch
1:00 p.m. - 2:45 p.m.	Lecture
2:45 p.m. - 3:00 p.m.	Coffee Break
3:00 p.m. - 5:00 p.m.	Lecture

Tuition Lecture \$699 ^{+tx} (Canadian Dollars)
